June 6th, 2019

To whom it may concern:

The Thai Association of Dental Implantology will organize the 5th Bangkok International Symposium of Implant Dentistry (**BIS 2019**) under the theme **"The Conquest of Implant Complications"**. We expect more than 1,000 participants in this symposium. We have invited more than 30 speakers including regional experts and many world renowned implantologists to give lectures, exchange their knowledge and experiences in this symposium. Moreover, we also invite several industrial sectors, distributors and other business companies related to dental implant to participate in the trade exhibition **"Bangkok Dental Implant EXPO 2019"** which we expect to be the biggest implant trade exhibition in Southeast Asia. The symposium and implant trade exhibition will be held at the **Royal Paragon Hall, Siam Paragon, Bangkok during November 27-29th, 2019**, as shown in the details attached herein.

We would be most grateful to welcome you and delighted to notify you of the following information:

- Additional Work Shop & Hands-on Course (Not included in the registration fee) at Faculty of Dentistry Chulalongkorn University
